

TOP 3 REQUIREMENTS FOR AN ORDER FORM

1 Actual date the order was filled out.

2 Reason for the exam: The clinical indication(s) for the study must be listed. If the purpose is to “rule-out” or “evaluate for..” then the known signs and symptoms should be listed along with the question to be answered. For example: Abdominal pain r/o appendicitis.

3 Authentication:

- Electronic signatures are OK!
- Sorry, stamps are no longer acceptable.
- Must be hand-signed by a physician, clinician, or RN. (An RN must have the doctor’s name/RN’s name and signature)

Here is an example → Carolyn King MD / Stacey Dote, R.N.

We’re here to help you get ICD-10 compliant before the Oct. 1st launch date. Starting July 1st we will begin calling you back if order forms don’t meet these federal regulations.

PLEASE CALL US WITH QUESTIONS – WE’RE IN THIS TOGETHER!

For more information visit rmipc.net/for-physicians and look for the ICD-10 page.
