Regional Medical Imaging

For Women's Health Month, Regional Medical Imaging will be offering free mammograms on Saturday to the first 50 women who have been affected by unemployment. Women have to contact RMI before Saturday to qualify and it's first-come-first-served. So far, 20 women have signed up, so it's not too late.

In addition to calling RMI, you must have a prescription for a mammogram from a referring physician and you have to give a reason of why you can't afford a mammogram. Whether you've lost your job or your insurance doesn't cover mammogram's, you need to explain your situation in order to qualify.

If you are one of the lucky 50 women who qualify, you'll be able to go to RMI's office on Saturday for the mammogram. Call 810-732-1919 to sign up.
