This is a list of our most commonly used procedures. Please be aware, RMI offers time of service (TOS) pricing on ALL services for our patients in place of billing insurance. Patients may choose TOS pricing if they have a high deductible or they are having a procedure they know their insurance will not cover. TOS also includes the radiologist reading fee. These prices are only good on the date of service when paid in full. If opting to bill through insurance, RMI offers standard payment options for the balance. Prices are subject to change without notification. Discounts are only good on the date of service when paid in full. Effective 2/2018.
